

re.thinking regeneration

MORRISONS

re.sponse

We would appreciate your comments so that we may take your views into account throughout the next stages of the plans for Bishopbriggs Town Centre.

YES NO

Do you think that Bishopbriggs needs new town centre facilities?

Do you think that Bishopbriggs needs a new focal point such as the public space we are proposing?

Do you think Bishopbriggs would benefit from the additional retail facilities that the scheme proposes?

Would the improved and expanded retail offering make Bishopbriggs your first choice for grocery/convenience shopping?

Do you think Bishopbriggs would benefit from the employment opportunities that this scheme would bring?

What amenities could Morrisons provide in a new store that would benefit the community of Bishopbriggs?	How could we improve on the draft plans on view today?	What improvements would you like to see to Bishopbriggs Town Centre?	Any further comments.

Thank you for your feedback.

Public exhibition of draft plans for Bishopbriggs Town Centre 6th & 7th March 2009
